Summary

Hi, I'm Divyesh Singh Gehlot. I'm currently pursuing an Integrated MCA from IIPS, DAVV.

I have a basic foundation in Front End Web Development and soon I am planning to explore the field as a backend developer too. I'm also diving into the world of digital marketing, eager to learn and grow in this field. Additionally, I'm proficient in programming languages like C and C++. As a video editor and a graphic designer, I bring a creative edge to my projects. I'm excited to apply my skills and knowledge in dynamic environments and contribute effectively.
